Hwy 108 & Leisure 3:42pm  
**No inside Leisure Pines stops**

Snow schedules are in effect when chain signs are out at east Twain Harte, Mi-Wuk or above, roads are white with snow 30 minutes before bus is due, or any time KKBN, KVML or STAR 92 radio stations announce a snow schedule for Twain Harte schools. A one or two-hour late start announcement will cause above morning times to change one or two hours. **Due to the high altitude the bus driver will be in contact with Twain Harte School to make any last minute arrangements as needed.**

**\*\* Due to recent failures by CalTrans/Tuolumne County to keep roads adequately plowed, on heavy snowfall days the bus driver will call ahead to the Summerville School bus that runs up the highway. If the Summerville driver believes it too hazardous on the upper portions of 108, the Twain Harte driver will notify all bus stop families above Long Barn Road to bring their students down to the Long Barn/108 stop.**

**Likewise if Long Barn Road is not plowed by the first pickup time the bus will only go into Long Barn Road from the lower entrance as far as Sugar Pine Road.**
